Customer Reviews

Great step by step book for someone new to drawing, or someone trying to improve their technique. Breaks down a sketch into separate parts.

What a great book for people learning to draw or those who just want to upgrade their drawing skills. I bought it for my grandchildren who are just starting to explore the fun of drawing but found all the family can join in and compare their artistic skills. Excellent.

Simple, but very nice. It lacks of three-quarter view of dogs.

I like this book, it is very easy to follow and you just need few minutes to draw your own dogs.
