Dr. Lee's book, Interface: Mechanisms of Spirit in Osteopathy, is a compelling look at the practices and principles of Osteopathic Medicine. Well-defined chapters relate 19th Century foundations to 20th and 21st Century clinical and research developmmments. People new to Osteopathic Medicine as will enjoy learning more about the fastest growing medical profession from its roots to recent times. Colleagues will mine its trove of quotations and the summaries of key concepts. The writing is clear and accessible. Thanks, Dr. Lee!
