I usually make a photo scrap book after a trip, but I really enjoyed using this travel journal. It was fun trying to fill in the pages. Yes, some of it I didn't use, but it certainly made me think of things that I wouldn't normally have thought to consider if I had just made the photo/scrapbook.

This notebook made for a very fun way to document my trip to Europe in September. It helped me pay attention to all of my senses, and encouraged me to take notes on things I wouldn't have otherwise thought about. I'd love to get another for my next big trip somewhere.

I love this journal. I'm pretty intimidated by a blank journal to write my journeys down (I backpack travel a lot), so having some simple prompts/ideas for before, during, and after the journey is pretty

awesome. I've recommended it to fellow travelers, too!
