## **Customer Reviews**

I bought this as part of a trio for my cosmetology class and I'm amazed at how thorough and easy to follow everything is! The pictures really help and the review questions and key terms are very useful when studying for an exam. Love it!

I found out later (after buying hundreds of dollars worth of books and workbooks) that my class only needed the textbook, so I didn't actually need to buy these other ones. I did use a couple of the others, but I never once opened this one. If you are studying for cosmetology, I really wouldn't bother with it - Also, I noticed that in these books, there is an amount of questions that are wrong or errors in spelling, placement of words on the pages etc. That it is quite noticeable. Someone needs to go through and update these!

I ordered several books in the Milady 2012 series for my granddaughter who wants to start school this year. She had viewed the books and really likes the way the material is presented and the color pictures in the manuals. I'm hoping with good training manuals and her enthusiasm to be a Beautician, she will complete the training and successfully complete her state license requirements.

She loves the books and is eager to learn and prove her skills and competency.

This workbook is exactly what I needed to prepare me for my state board exam. The information in this workbook is spot on!

Wow Cosmetology books have come a loooong way since I graduated in 1984! Anyone who uses this with the other tools available will get the most rounded cosmetology information available today!

The condition of this book was excellent. The authors and experts make this reading very interesting. My rating is based on the books overall physical condition. Perfection

This book arrived in perfect condition and is so colorful. It is a delight to open it up to review.

I got this book late, even though I paid for expedited shipping. On top of that, my book had writing all over it, in pen! I can't even use this for school, and now I'm screwed because I'm going to be late on my homework. 0/10, would NOT recommend.
