Options Trading: 2 Manuscripts - The Ultimate Beginner's Guide, The Most Common Mistakes To Avoid

Synopsis

2 Books In 1 Options Trading: The Ultimate Beginner's Guide Options Trading: The Most Common Mistakes to Avoid Options Trading: The Ultimate Beginner's Guide If you are dreaming of getting started in the investing world to supplement your income or even kick your 9-to-5 job to the curb completely, then Options Trading: The Ultimate Beginner's Guide might be the answer you have been looking for. This book will help you learn everything you need to know in order to start making successful moves in the options market, even if you aren't quite sure what an option is at this moment. Simply put, options are like stocks or bonds in that they are a variety of security which, when purchased, give you the option of purchasing or selling a stock or another related asset at a specific price. While it might seem complicated now, the reality is that it is mostly about doing research and executing on a specific plan once certain numbers are met. While once only the domain of Wall Street, online options trading makes the process easier than ever. So, what are you waiting for? Stop dreaming and start acting. Options Trading: The Most Common Mistakes to Avoid Not everyone who trades options makes money. Even fewer are able to do well enough consistently to make a living at it. Those that do, understand the downsides and dangers of the industry and how to avoid them. The first step to joining their ranks is learning what they already know. In reading Options Trading: The Most Common Mistakes to Avoid you will learn how to navigate around the pitfalls which have ensnared so many traders. Not only will you learn what mistakes to avoid, you'll learn what practices you should embrace. Trading options is one of the most potentially profitable products available to traders. They are investment tools that can be utilized in nearly any market condition. However compared to other financial products they require finesse to handle properly. There is an undeniable learning curve associated with trading options and this book will guide you through that process. Inside You Will Find A complete breakdown on all option types Detailed explanations on exactly how options work An easy to follow step-by-step guide to walk you through your first options trade The best strategies for a beginner to achieve success The lingo of a professional options trader The easiest way to guarantee long term trading success Common mistakes beginners make and how to avoid them How to research your chosen investment Misconceptions about options even experienced traders have How to properly define your risk How and why to conduct a fundamental analysis Several technical analysis tools Common mistakes and how to avoid them Much, much more! This is the definitive guide to get you started on trading options!

Customer Reviews

It has been two years since I tried Option trading and I failed terrible since I followed a friend advice without having a good background information. Since am a "Not giving up" type I have picked my piece and ready to start again. I needed a book to giving me the background information that I need and How to go about the trade and this book has just done that, I have realized the terrible mistakes that I committed back then. I am ready to start again, thanks to the author for the great inspiration and information.

This book is an easy to understand guide to help you trade commodity options more successfully. It shows you in simple terms how to develop a written trading plan and how to implement that plan. A great and very informative book. Anyone reading this book will get essential info on Options Trading and will give him enough confidence to start on one. I will definitely recommend this book to you if you are thinking about Options Trading.

I grabbed this book to check whether I could figure out how to have a clearer understanding and did it convey! The book is exceptionally exhaustive. It's effectively comprehended and the procedures are anything but difficult to take after. Loads of good data, peruses like a reading material which is a positive thing for me as I begin and learn. Awesome book for those hoping to get into the trading game!

superb deal! 2 manuscript in one deal and I got it at a discounted price! really happy with this. Since I am new to options trading, I needed a guide that will introduce me to this field. I just heard a lot of

successful stories on options trading and I wanna try my luck. These books are the perfect guide for newbies. I learned a lot from it and now I can't wait to get on options trading. 5 stars for this book.

Option trading became popular now a days among new genre for the sake of earning passive income. This guide book perfectly guides about option trading and manifest best opportunities to avail. This guide book is the right key which can protect you from doing common mistakes in trading. the author has written this book so organized. I highly recommend this book to all!

Neat because they develop the whole concept of options pricing starting with coin flips and introducing very basic statistics. If you don't have much of a math background and are just starting out, this is the book for you.

I've been looking into trading for a while now and what I've noticed is everyone has their own techniques and analysis method however what I've also noticed is its a bad idea to copy someones technique completely but to add other peoples techniques to yours and perfect your own skills. Overall reading Dockery's book on Options was rewarding and simple to follow.

Great resource! This book provides all the tips and tricks needed to increase account balance. To understanding how options trading works we should master the basics, learning the tips and tricks and avoiding common mistakes which this book gave. This is a complete guide to developing your own systems to help you make and execute trading and investing decisions. One of the best trading books of all time.
