This book worked great with my class. Very similar to the previous edition so if you need to save money, you could get the older one. It's always recommended that if you've been assigned

problems to check out the edition on reserve in your college library just to make sure the numbering hasn't changed. This does tend to happen but very easy to fix if you plan ahead.

Easy to keep in a binder. Makes carrying a lot of books easier and lighter. The book itself is easy to read and understand.

Excellent product. Thanks!
